(IV) after determining that the person committed a second or subsequent offense under Subsection (4)(i)(i)(B)(III), the division issues a final order on the action initiated under Subsection (4)(i)(i)(B)(I).

(ii) In issuing a final order for a second or subsequent offense under Subsection (4)(i)(i), the division shall comply with the requirements of this section.

(j) In addition to any other licensure sanction or fine imposed under this section, the division shall revoke the license of a licensee that violates Subsection 58-55-501(24) or (25) two or more times within a 12-month period, unless, with respect to a violation of Subsection 58-55-501(24), the licensee can demonstrate that the

- (ii) multifamily attached housing up to and including a fourplex; or
- (iii) commercial construction of not more than two stories above ground.

(b) (i) "Crane operator" means an individual engaged in operating a crane, which for purposes of this section is a power-operated hoisting machine used in construction, demolition, or excavation work that has a power-operated winch, load-line, and boom moving laterally by the rotation of the machine on a carrier.

58-55-601. Payment -- Account designated.

When making any payment to a materialman, supplier, contractor, or subcontractor with whom he has a running account, or with whom he has more than one contract, or to whom he is otherwise indebted, the contractor shall designate the contract under which the payment is made or the items of account to which it is to be applied. When a payment for materials or labor is made to a subcontractor or materialman, the subcontractor or materialman shall demand of the person making the payment a designation of the account and the items of account to which the payment is to apply. In cases where a lien is claimed for materials furnished or labor performed by a subcontractor or materialman, it is a defense to the claim that a payment was made by the owner to the contractor for the materials and was so designated and paid over to the subcontractor or materialman, if when the payment was received by the subcontractor or materialman, he did not demand a designation of the account and of the items of account to which the payment was to be applied.
